The DNA Field and the Law of Resonance Pierre Franckh, 2014-10-09 A practical guide to unlocking the powers of our DNA to manifest health, wealth, and happiness • Shows how our DNA communicates with those around us and attracts resonant energy--whether positive or negative--to us • Reveals groundbreaking scientific research on the influence of DNA on photons as well as the interactions between DNA and emotions • Provides practical exercises to remove negative influences, build positive visualizations of your desires, and accelerate the manifestation of your wishes Taking the law of attraction to an entirely new level, Pierre Franckh reveals how human DNA has a direct effect on the physical world around us--an effect we can consciously focus to manifest our desires. Sharing groundbreaking experiments on the influence of DNA on photons and on the interactions between emotions and DNA, Franckh explains how our thoughts, emotions, and beliefs, whether positive or negative, build a field of resonance around us. Through this quantum field our DNA is continuously communicating our unique vibration to those around us and receiving their unique oscillations in return. By focusing our

intentions and removing negativity from our beliefs about ourselves, our past, and our future, we can use our DNA to communicate our thoughts and desires to the universe. Through focused thoughts and intentions we draw the same resonant energy to us, thus bringing our intentions and desires into manifestation. The author shares success stories from the thousands who have taken his seminars and were then able to attract a soul mate, heal themselves or loved ones, or build wealth, sometimes remarkably quickly. He also describes how he discovered the law of resonance through his own self-healing from a degenerative spinal condition. Franckh provides practical exercises to remove inner and outer negative influences that could be blocking your desires, build a positive visualization of your goals, and increase the power of your field of resonance for quicker manifestation. In this inspiring guide to the law of resonance, the author shows how the power to manifest health, wealth, and happiness is within each of us, waiting to be unlocked within our DNA.

The Laws of Spirit Millman Dan, 2015-01-29 Perhaps the most important section in Dan Millman's best-selling book, *The Life You Were Born to Live* was titled *Laws that Change Lives*. These laws, as described, were key to overcoming the specific

hurdles on a given individual's life path. Different laws played critical roles for different paths. But the author considers these laws so central to all our lives that they needed a book of their own, and a more universal treatment, since anyone could benefit from applying any of these laws. As he writes: Within the mystery of our existence, the universe operates according to spiritual laws as real as the law of gravity and as constant as the turning of the heavens. Aligning our lives to these laws can transform our relationships, careers, finances, and health. Simply put, they make life work better. The Laws of Spirit, Dan Millman's little book of big wisdom, offers a teaching tale in which he encounters an ageless woman sage while on a mountain hike. There, in the wilderness, she takes Dan and his readers through experiences and tests in the natural world that demonstrate the power of spiritual laws of balance, choice, process, presence, compassion, faith, action, patience, , surrender, and unity. As the sage relates, These laws belong to all of us. They rest within our hearts and at the heart of every religion and spiritual tradition. As you make your own journey through the pages of this book, you will find universal solutions to the varied challenges of our lives, leading to perspective and wisdom about the meaning and purpose of our lives here, and our connection with all of creation It begins with a single step: Open the first page of a book you will refer to again and again for inspiration and guidance on life's journey, up the mountain path.

Among the Mosques Ed Husain,2021-06-10 Islam is the fastest-growing faith community in Britain. Domes and minarets are redefining the skylines of towns and cities as mosques become an increasingly prominent feature. Yet while Britain has prided itself on being a global home of cosmopolitanism and modern civilisation, its deep-rooted relationship with Islam, unique in history, is complex, threatened by rising hostility and hatred, intolerance and ignorance. There is much media debate about embracing diversity in our communities, but what does integration look like on the ground, in places like Dewsbury, Glasgow, Belfast and London? How are Muslims, young and old, reconciling progressive values, of gender equality, individualism, the rule of law and free speech - with literalist interpretations of their faith? And how is this tension, away from the public gaze, unfolding inside mosques today? Ed Husain takes his search for answers into the heart of Britain's Muslim communities. Travelling the length and breadth of the country, Husain joins men and women in their prayers, conversations, meals, plans, pains, joys, triumphs and adversities. He tells their stories here in an open and honest account that brings the daily reality of British Muslim life sharply into focus, a struggle of identity and belonging, caught between tradition and modernity, East and West, revelation and reason--Publisher's description

Zig Zig Ziglar, 2002-08-20 Zig Ziglar epitomizes determination, perseverance, excellence, and a loving Christian spirit more than anyone I know! The world would be a better place if more of us were just like him. --Kenneth H. Cooper, M.D., The Cooper Clinic, Dallas, Texas Zig Ziglar, the motivational speaker who has galvanized audiences around the world and written more than a dozen perennially popular books, brings that same unbounded energy and clarity of vision to this candid, inspiring account of his own life and the forces that shaped it. Every year, Zig Ziglar travels all over the world delivering a resounding message of hope and commitment in forums ranging from high-powered business conferences and church leadership assemblies to youth conventions and educational gatherings. In *Zig*, Ziglar chronicles another kind of journey: his own transformation from a struggling, not terribly successful salesman to the sales champion of several different companies, and finally to his current position as one of the world's best-known and most highly regarded motivational speakers and trainers. As he describes his experiences, he brings to life the essence of his teachings: "You can have everything in life you want if you will just help enough other people get what they want." At the heart of Ziglar's story are the people who taught him the importance of balancing a commitment to hard work with compassion for others. His first teacher was his mother, who raised him alone after the early death of his father, and introduced him to the principles and values he has honored for the rest of his life. Her lessons were reinforced by many others—from the men and women who became his business mentors to the friends and spiritual leaders who comforted and supported him when things got tough. Paying tribute to each of them, Ziglar zeroes in on the philosophy and traits that have enabled him to achieve success in business and in his personal life: discipline, hard work, common sense, integrity, commitment, and an infectious sense of humor. Ziglar's speaking engagements and seminars along with a wide array of audio and video materials, books, and training manuals, have helped to trigger positive changes in small businesses, Fortune 500 companies, U.S. government agencies, nonprofit associations, religious organizations, schools, and prisons. At once engaging and enlightening, *Zig* provides a riveting portrait of the man who has achieved so much by embracing the simple but profound goal of helping others.
